

## 2021 GREENOCK SHIRAZ

### 95 Points

*“When you think Greenock shiraz, the name Kalleske is one of the first that springs to mind. With their farm having continual family ownership for 150 years and being one of the biodynamic pioneers of the region, they’re part of the fabric of the land. Kalleske shiraz is always rich in subregional DNA with great concentration and density, ferrous-edged tannins and a smooth, velvety palate of deep plum and dark berry fruits with underlying baking spices, licorice, dark chocolate, olive tapenade and earth. Structured yet possessing energy and drive. An excellent release for this western Barossa estate.”*
